Note of Interest: Persons requiring eyewear are encouraged to obtain period-appropriate eyewear with their prescription lenses as soon as possible or do without them during times when the 7th is engaged with the public. Also, since it was not common for English-speaking men in the late 18th century to wear facial hair, the Seventh Virginia Regiment may be asked to remove the hair or ask the men not to participate in certain filming situations. Please be prepared to accommodate these wishes. It in no-way reflects on you nor on the Seventh Virginia Regiment's desire for you to reenact with the unit.
